OxyData C

Advanced Oxygen Analyzer for Oxygen Concentrator

Measures 4 Parameters
Oxygen Purity, Flow, Pressure & Temperature

Applications:

- Oxygen Concentrator
- Low Pressure Oxygen Delivery System

2 Years Warranty

- All OxyData have Electronic Sensors (Non-Electrochemical)
- No Re-calibration required
- All OxyData sensors have a typical life of more than 5 years
- Graphical trends & numerical data on mobile screen with OxyData App
- Set alarms for different parameters
- Generate, Share & Print report

GET IT ON Google Play

Download OxyData App
from Google Play Store or scan to download

Features:

- Accurate real-time monitoring of Oxygen Purity, Flow, Pressure & Temperature
- Small, Compact, handheld unit with all sensors embedded in the device
- 2 years warranty of device including all sensors
- No calibration required
- User adjustable High-Low alarms for all 4 parameters
- Android Mobile App via Bluetooth for trend, data storage and printing from your mobile

Specifications:

Measurement -

- Oxygen: 0% to 100% with 2 % accuracy, 0.1 % Resolution
- Flow: 0 to 10 LPM with 2 % accuracy, 0.1 LPM Resolution
- Pressure: 0 to 20 PSI with 1 % accuracy, 0.1 PSI Resolution
- Temperature: 0 to 50^0 C with 1^0 C accuracy, 0.1^0 C Resolution

Display : Multicolor OLED with battery low indication

Battery : Re-chargeable using Android charger

Battery working duration after full charge : 6 hours

Dimensions : 135 mm x 85 mm x 30 mm, Weight : 200gm

Other OxyData Models

OxyData AV
Ambient Air & Ventilator, Oxygen Hood Monitoring

OxyData G
Oxygen Generator Plants & Medical Gas Pipeline (Handheld)

OxyData P
Oxygen Generator Plants & Medical Gas Pipeline (Fixed Panel mounted)
